

NOTGRASS HISTORY

This material is copyrighted, which means that making it available to other people is against the law. Our company seeks to produce high quality educational materials, and the sale of those materials compensates us for our work and enables us to stay in business to serve more families.

The copyright owner hereby grants to the original purchaser of these digital files access to those files for the exclusive use of the purchaser's household. The purchaser may copy the files to compatible electronic devices used by the purchaser and his or her children.

This permission may not be sold, loaned, or otherwise transferred to another person or household. No part of this material may be distributed to others through a website, FTP site, CD/DVD, or other file sharing technology.
